## GENERAL TERMS OF SALE AND DELIVERY

All sales are subject to our Sales Procedures for Dealers which can be found at [hayb2b.com](http://hayb2b.com) or be requested from your HAY sales contact person.

[LINK TO SALES PROCEDURES](#)

### FSC™ CERTIFICATION

HAY is FSC™ certified. FSC (Forest Stewardship Council) is an international non-profit organisation and a labelling system for wood and paper that originate from certified forestry and other controlled sources. HAY's FSC license code is: FSC™-C148805. Only products that are identified as FSC™ are made from FSC-certified materials.

### ECOLABELS

The Nordic Swan Ecolabel is the official ecolabel in the Nordics and the EU Ecolabel is the official ecolabel in Europe. They work to reduce the overall environmental impact from production and consumption. To ensure maximum environmental impact, the Nordic Swan Ecolabel and the EU Ecolabel take an entire life cycle approach and look at the full product journey. This means that the ecolabels evaluate the environmental impact of the specific product type and set requirements in all relevant stages of the product life cycle – from raw materials, production and use, to waste, re-use and recycling.

Both the Nordic Swan Ecolabel and the EU Ecolabel promote circular economy and are powerful tools for securing a sustainable future. HAY supports this by developing sustainable, quality products that are designed to last. All constructed with the focus on the disassembly and recycling of the product at the end of its life.

### SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
