FURNITURE

AROUND COFFEE TABLE

“I wanted to create a modernly timeless perspective on the archetypal Scandinavian coffee table, taking inspiration from memories of visiting my grandparents’ house as a child and being nervous about spilling something from their coffee table and onto the beautiful carpets. This gave me the idea for Around Coffee Table with its subtle veneer frame. The design has an at once subtle and significant presence through its geometric legs, characterful frame and friendly opening for a forward-thinking take on Scandinavian craftsmanship.”

| Description | The Around Coffee Table brings a new perspective to its typology through the characterful wooden veneer frame that runs along the edge of the table, echoing the ideas of Scandinavian design. With its round shape and multiple sizes, the Around Coffee Table can be used in a multitude of settings, on its own or in groups, in any living room, lounge setting, lobby area or hotel room. |
| Material | Oak & Ash versions are made from oak or ash plywood and solid oak or ash legs. Colored versions are made from MDF or ash plywood and solid ash legs. All versions are made using FSC™-certified (FSC-CO28824) wood. The wood is carefully cut, bent, glued together and polished to create a unique table. The strong water-based lacquer surface protects the tables from wear and tear of everyday use. |
| Cleaning & Care | Clean the table with a damp cloth. If necessary only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. Treat the surface with a melamine sponge, available in hardware stores, to reduce minor scratches. |

BASE TABLE SERIES

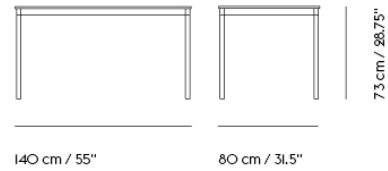

"I wanted the table to have its own character but not be imposing. The design aim was to reduce the table to its archetypal form. The functional simplicity of Base is supported by behind-the-scenes technology to create a slim, lightweight and strong table. At the same time, Base is friendly and welcoming in the way it looks."

COMPILE SHELVING SYSTEM

"Storage is important because it is so universal: everybody needs good solutions. The inspiration for the Compile Shelving System was indeed the everyday storage situation. The design, with its logical construction, parallels to a certain degree an unpretentious Scandinavian lifestyle—one shelf represents one building unit while the length of the tube defines the shelf height. In this simple way one can assemble practical formations that fit individual needs—Compile should reflect and accommodate the life of which it is part."

— Cecilie Manz

| Description | A contemporary take on the classic shelving system. Compile consists of a shelf and three heights of dividing tubes. Arrange the shelves and tubes as you please or order from the prearranged configurations. |
| Material | Powder coated steel. |
| Cleaning & Care | Remove dust from shelves with a soft cloth. |
| Additional Product Information | Compile systems should always be mounted to a wall, using wall brackets. A Compile Shelving System can hold up to 300 kg / 660 lbs. Compile Shelving Systems can be built as tall as wanted, as long as they are mounted to a wall using brackets. Muuto recommends not building Compile systems higher than 225 cm / 88.6". |

| Material | Seat and back frame are made of wood. The back frame is covered with cold foam filling and cotton wadding. The seat is made with zig-zag springs, felt, cold foam, and cotton wadding. Each module is upholstered in high-quality textiles or imitation leather and is kept together with connecting metal brackets. |
| Cleaning & Care | <p>For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.</p> |

CONNECT SOFT MODULAR SOFA

"The Connect Soft Modular Sofa is a seating system, rooted in the idea of uncovering the perfect proportional connections between the different components within a sofa. Designed with a deep, low seat, loose upholstery and an inherently soft filling, the Connect Soft Modular Sofa is at once elegant and contemporary—a sentiment that is echoed through its small feet underneath for a hovering expression while its box stitching infuse it with a modern touch. The design adds a geometric and elegant perspective to the archetypal modular sofa, paired with an ultra-soft comfort for hours of lounging."

| Description | The Connect Soft Modular Sofa brings together elegant and geometric proportions with a deeply inviting comfort. With its minutely-shaped forms, characterful corners and inherently soft seat, the Connect Soft Modular Sofa acts as the heart of any space while its modularity allows for its user to tailor the design to their exact taste and space. |
| Material | Seat and back frame made in FSC™-certified (FSC-CO28824) wood. Back frame is covered with cold-foam filling and wadding. Seat is made with zig-zag springs, felt, cold-foam and wadding. The module is upholstered in high-quality textiles, imitation leather or leather with a thin lining of wadding underneath. Modules are kept together with connecting metal brackets. |
| Cleaning & Care | <p>For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products.</p> |

Choose between 9 predesigned configurations or create your own choosing from 9 seating modules and optional cushions, following the guidelines below.

Visit planner.muuto.com to create your own configuration online.

Create your own Connect Soft Configuration

1. SEATING MODULES

Select your desired seating modules.

Add the item numbers of the desired textile separately to your order.

Note

You can only connect seating modules with pre-mounted linking brackets on the sides, illustrated here with dotted lines. Pouf Module I can either be connected to other modules with pre-mounted linking brackets or be used as a freestanding module.

Textile direction

Corner Module F is designed to be used as corner. If used as End Module with armrest, the textile direction can differ. Modules connected on the left side of Corner Module F will have the same textile direction. The textile direction of modules connected on the right side will run into the opposite direction.

2. CUSHIONS

Specify optional cushions in the desired textile for added comfort and a lounging expression.

General note

The total dimensions of the configurations are indicative and can vary due to the inherent softness of the design and depending on how close the modules are placed as well as how many modules that are combined.

COUPLE COFFEE TABLE

"The Couple Coffee Table was born out of my research into a traditional and essential piece of furniture — the coffee table. I wanted to come up with a new yet subtle take on its typical materials and typology. I was inspired by the materiality of fired earth like brick and terracotta, finding that a beautiful synergy occurs when it is combined with wood. I have always been drawn to texture and wanted Couple's design to have an inherently tactile character produced by the grainy feel of the tile's surface. The design allows you to choose between or combine tiles with a smooth surface or a soft wavy look."

| Description | Inspired by the traditional tile table, the Couple Coffee Table is a refined merging of materials — FSC™-certified (FSC-CO28824) wood and ceramic stoneware. Made in a tactile ceramic stone material, it is a gentle nod to the durability of the brick, in aesthetics as well as quality. This sense of tactility is enhanced by the option of two different tabletop tiles; one with a plain and functional surface, the other with a more sculptural wavy feel. Choose between 36 prearranged variants spanning across various finishes and three sizes, from the petite to the grand coffee table with plenty of room for books and objects of affection. |
| Material | Tabletop tiles made in ceramic stoneware treated with a stone sealer for extra stain protection. Tiles are placed loosely on top of the frame with rubber anti-slip pads securing the tiles in place. Frame in solid oak treated with either clear or dark oil, made using FSC™-certified (FSC-CO28824) wood. Premounted felt glides. |
| Cleaning & Care | <p>Tabletop:</p> <p>For general maintenance: Clean the table with a damp cloth, using only mild (not concentrated) detergents or washing up liquids. Always dry with a cloth after cleaning. To avoid the risk of permanent stains and marks, liquid, grease, etc., these should be removed immediately. It is highly recommended to re-apply stone sealer 1-2 times a year on the tabletop surface in order to upkeep its stain-protection. Stone sealer can be purchased in your local hardware store*.</p> <p>Frame:</p> <p>We recommend applying special oak wood oil on the frame when necessary. For solid oak we recommend using an oil with a small amount of white pigment. For dark oiled oak we recommend using a smoked tabletop oil*. Never place the table in the immediate distance of a heat source.</p> <p>*Muuto recommends that you contact your local hardware store to get advice on oils and stone sealers for indoor use.</p> |

COVER CHAIR SERIES

"The Cover Chair Series is born from a desire to create a comfortable and contemporary chair in wood. I aimed for a crisp and vivid expression in the plywood while looking for a solid and grounded look in the frame and base of the design. Years of play and hard work in the making has resulted in a light, yet strong chair design that takes the material of veneer to its extreme."

Cleaning & Care

Clean with a moist cloth first and wipe off excess liquid with a dry cloth.

Upholstered versions:

Textile: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.

Leather:

As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.

Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.

Spare Parts

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

DOZE LOUNGE CHAIR & OTTOMAN

"Scandinavia has a long tradition of extensively comfortable lounge chairs; at the heart of our design heritage lies the versatile concept of comfort. As such, the idea of creating a grand lounge chair came very natural to us. The visual references of the Doze Lounge Chair are however derived from the modern and clear lines of the Golden Age in Danish design, while at the same time being informed by some of our favorite designs of the 1970's. To us, the characteristically large and sheltering back that embraces the soft seat creates a combination of the Scandinavian design ethos and the lines of 1970's objects in a way that we find truly refreshing"

| Description | <p>Designed with extensive comfort and a modern expression through the vibrant lines and folds of its back and armrests along with an embracing seat, the Doze Lounge Chair High Back joins together the ideas of Scandinavian design with the lines' of 1970's furniture for a contemporary perspective on the archetypal lounge chair. Use the Doze Lounge Chair High Back on its own or with the Doze Ottoman.</p> <p>The Doze Lounge Chair Low Back is a natural line extension to the existing Doze Lounge Chair High Back. The Doze Lounge Chair Low Back embodies a sleek, modern expression and soft comfort, just like its larger counterpart, while presenting a smaller footprint that seamlessly integrates into various lounge areas. This scaled-down version allows for more versatile placement, making it ideal for placing multiple chairs in the same space.</p> |
| Material | <p>The Doze Lounge Chair & Ottoman are made from metal, foam, and wadding and finished with textile, imitation leather, or leather upholstery. The leather comes from selected premium leather suppliers.</p> <p>The Doze Lounge Chair & Ottoman are upholstered in molded foam with an embedded steel frame. Please note that the Doze Lounge Chair & Ottoman's upholstery cannot be removed. Swivel base in polished or powder-coated casted aluminum. Tube base in chromed or powder-coated steel. Plastic glides in black.</p> |
| Cleaning & Care | <p>For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather, and Endure Leather: Regularly clean leather with a dry cloth. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.</p> |

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products like saddle soap, leather cleaners, or household products.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

FIBER CHAIR SERIES

"One of the most difficult and noble disciplines is to design without eccentricity, creating simple, well-functioning and almost ordinary objects that nevertheless have strong identities. We designed the Fiber Chair Family to do just that through a clear sculptural language that refuses to compromise on comfort. It's a chair stripped of all unnecessary layers. The iconic form combines soft, embracing curves with an innovative wood fiber composite, giving the Fiber Chair Family a unique expression and tactile texture."

The wood fibers blend into the surface for a matte finish, adding a soft, inviting touch. The Fiber Chair is designed with friendly, embracing curves that provide extensive comfort to its user while taking up little space in the room. |

Cleaning & Care

Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.

Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

FIBER SOFT ARMCHAIR

“One of the foremost principles of design is to create simple and well-functioning, almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Soft Armchair to do just that. The chair’s sculptural language, paired with a wide and ultra-soft seat, refuses to compromise on comfort and invites the user to be seated for hours on end. With soft wadding and upholstery, the Fiber Soft Armchair enhances the idea of grand comfort. The chair’s inner shell is made using recycled plastic for a conscious and innovative perspective on materials.”

| Description | A sculptural yet distinctly ergonomic seat makes the Fiber Soft Armchair ideal anywhere we spend an extended time seated. Its interior shell, made of recycled plastic, is clad with soft wadding and upholstery to elevate a supreme sense of ease and embrace. The spacious, ultra-soft seat and smooth curves of the Fiber Soft Armchair provide maximum comfort in public spaces and the home. |
| Material | <p>Shell from 100% recycled plastic mixed with strength-improving additives. The recycled plastic comes from post-consumer waste. The seat, back, and armrest are clad with multiple layers of foam and wadding and finished with textile, imitation leather, or leather upholstery. Leather from selected premium leather suppliers.</p> <p>Wood base in FSC™-certified (FSC-CO28824) oak with water-based lacquer. For Stained Dark Brown version only: Please note that slight color variations can occur due to the inherent characteristics of the material. Plastic glides.</p> <p>Tube base in powder coated steel. Plastic glides.</p> <p>Swivel base in aluminum. Cylinder in steel. Castors.</p> |
| Cleaning & Care | <p>Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a bit of dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. FIBER CONFERENCE ARMCHAIR

"One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Conference Armchair to do just that. The chair's sculptural language, paired with its wide seat, refuses to compromise on comfort and invites the user to be seated for hours on end. Through soft upholstery and the fixed cushion of its seat, the Fiber Conference armchair enhances the idea of grand comfort. The chair's inner shell is made using recycled plastic for a conscious and innovative perspective on materials."

| Description | A sculptural yet distinctly ergonomic seat makes the Fiber Conference Armchair ideal anywhere we spend an extended time seated. Its interior shell is made using 100% recycled plastic, while its spacious seat and embracing curves are fully upholstered with a soft fixed cushion, providing maximum comfort in public spaces and the home alike. |
| Material | <p>Shell is made using 100% recycled plastic mixed with strength-improving additives. The recycled plastic comes from post-consumer waste. Fully upholstered in textile, imitation leather or leather.</p> <p>Base:</p> <p>Swivel Base w. or w.o. return: Swivel base in aluminum. Cylinder in steel. Plastic glides. Swivel Base w. return & tilt: Swivel base in aluminum. Cylinder in steel. Plastic glides. Swivel Base w. castors: Swivel base in aluminum. Cylinder in steel. Castors. Swivel Base w. tilt & castors: Swivel base in aluminum. Cylinder in steel. Castors. Swivel Base w. gas lift, tilt & castors: Swivel base in aluminum. Pressurized gas lift cylinder in steel. Castors. Tube base in powder coated steel. Plastic glides. Wood base in FSC™-certified (FSC-CO28824) oak or beech with water-based lacquer. Plastic glides. For Stained Dark Brown version only: Please note that slight color variations can occur due to the inherent characteristics of the material.</p> |
| Cleaning & Care | <p>Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly, treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products. Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.</p> |

FIBER OUTDOOR SERIES

“One of the most difficult and noble disciplines of design is to create simple, functional and almost ordinary objects that nevertheless have a strong identity. The Fiber Outdoor Armchair combines simple, embracing curves and a clear sculptural form manufactured using innovative materials, with a shell made from a minimum of 100% recycled plastic. In molding the chair’s shell, waste plastic is processed into high-quality granulates, creating a new take on modern outdoor furniture.”

| Description | <p>The Fiber Outdoor Armchair brings a new perspective on modern outdoor furniture, with an innovative shell material made of 100% recycled plastic. With each chair, a minimum of 4,2 kg of plastic waste is given new life. UV stabilizers are added to the shell’s composite, protecting the color of the chair from the wear and tear of outside life. The Fiber Outdoor Armchair’s friendly, embracing curves provide extensive comfort with a functional and durable design.</p> <p>The Fiber Outdoor Side Chair brings a new perspective on modern outdoor furniture, with an innovative shell material made of 100% recycled plastic. With each chair, a minimum of 2,5 kg of plastic waste is given new life. UV stabilizers are added to the shell’s composite, protecting the color of the chair from the wear and tear of outside life. The Fiber Outdoor Side Chair’s friendly, embracing curves provide extensive comfort with a functional and durable design.</p> |
| Material | Made using 100% recycled plastic mixed with UV stabilizers that keep color-fading at a minimum, protecting it from the impact of the sun. Tube base in galvanized steel with a weather-resistant deep matte powder coating. Plastic glides for outdoor use. |
| Cleaning & Care | <p>When cared for properly, the Fiber Outdoor chair is designed to last. Follow these simple rules to care for your design in the best possible way. Clean the chair with a damp cloth. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. Lacquered surfaces can get scratches and chips if hit by other hard objects.</p> <p>To protect the chair from weather’s harm when not in use, a cover suitable for a table with 6 chairs can be purchased separately. Please make sure that both the table, chairs and the inside of the cover is completely dry before putting the cover on. It is recommended to use a cover to protect the furniture from weather’s harm, especially during the winter season.</p> |

FIVE POUF

"The Five Pouf explores the possibility and tension of the pentagon shape. The design process was very much about tailoring; the quilted ribs are seemingly wrapped around the shape and enhance the dynamics of the pentagon. The quilting adds a softness to the seat, and the textiles we have chosen are very responsive to the undulating surface of the cover."

IN SITU MODULAR SOFA

"With the In Situ Modular Sofa, we wanted to combine the functions of modularity with the beauty of simple, elegant lines and a deep comfort. We sketched a profile that runs along the seat and back of the sofa to subtly hide the visual elements of modularity, giving it a unique character while bringing the individual modules together for a complete appearance. This is paired with grand, sculptural lines and the inherent comfort of its soft seat. The In Situ Modular Sofa combines the grandeur of traditional Italian sofas with the refined simplicity of Scandinavian design, making it the heart of any space."

| Description | <p>The In Situ Modular Sofa is a grand, modular design with sculptural lines that can be tailored to your individual space and taste with its modular elements hidden through subtle detailing of its front profile, paired with deep comfort and a soft seat. Choose from any of the 30 predefined configurations or create your own, using the 9 different seating modules and loose cushions. The look and feel of the In Situ Modular Sofa is more casual in its appearance, compared to some of our other sofas. Visit our Product Planner to explore the possible configurations: planner.muuto.com/in-situ *Please note that the In Situ Cushions are not part of any configuration or seating module and must be added separately to your order.</p> <p>*Please note that the In Situ Cushions are not part of any configuration or seating module and must be added separately to your order.</p> |
| Material | <p>Frame in powder-coated steel. Modules in an FSC™-certified (FSC-CO28824) wood construction with foam and wadding. Fully upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers.</p> <p>The inside of the In Situ Cushion features a foam core with a pillowcase filled with fiber balls.</p> |
| Cleaning & Care | <p>For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather, and Endure Leather: Regularly clean leather with a dry cloth. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.</p> <p>Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.</p> |

With the In Situ Modular Sofa, you can choose between any of the 30 predesigned configurations on the following pages or create your own configuration, following the guidelines below.

Visit planner.muuto.com to create your own configuration online.

Create your own In Situ Configuration

1. SEATING MODULES

Find the seating modules of your desired configuration and add the item numbers of the desired textile or leather upholstery separately to your order.

You can only connect modules to the open sides and end of the modules, illustrated here with dotted lines.

An In Situ configuration must always have one of the following seating modules at each end: Armrest Module (A80, B80, H98 or I98), Ottoman Module (D80) or Open-Ended Module (F98 or G98).

The Ottoman Module (D80) can only be used in extension of Open-Ended Modules (F98 or G98) or as the only free-standing I-Seater configuration possible to build.

SEATING MODULES

2. FRAME SECTIONS

Choose the frame section(s) that match the seating modules of the desired configuration (10 frame sections to choose from in total). We recommend using as few frame sections as possible when creating your own configuration for a clean appearance.

A Frame Corner Section must always be supported by sections in the two open directions.

A configuration with chaise longue modules H98 or I98 must be created using at least 2 sections in total.

3. LINKING BRACKETS

Identify the amount of linking brackets required to connect the modules in your configuration, following the guidelines below. **Linking brackets must always be used when joining together frame sections.**

Linking brackets must always be mounted on the adjacent sections that face the corner section.

4. CUSHIONS

Specify optional cushions in the desired textile or leather for added comfort and a lounging expression.

LINEAR STEEL SERIES

“The Linear Steel Series was designed from the idea of presenting durable materials in a sophisticated and understated expression for outdoor use with its form language inspired by the notion of meetings—the meetings of lines, the meetings of shapes and the meetings of materials. The design is defined by its straight lines for a contemporary yet timeless aesthetic through the details of its folded edges, half-circular intersecting legs and small spacing for easy outflow of water. It is through these subtle elements that the Linear Steel Series translates the values of elegance, longevity and functionality into modern outdoor furniture.”

Cleaning & Care

Linear Steel Side Chair, Armchair, Bar Stool & Counter Stool stacks up to 5 chairs on the floor. Linear Steel Lounge Chair stacks up to 4 chairs on the floor.

When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way.

Clean the table with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterward. To minimize the risk of stains and marks, liquids, grease, etc., should be removed immediately. Lacquered surfaces can get scratches and chips if hit by other hard objects. Please wipe away any sand grains from the table before use to prevent scratches. Be careful around the design when handling other hard objects, such as tableware and porcelain. Never stack tables on top of each other, as hitting the surfaces against each other will cause lacquer to chip and scratch.

In case of minor scratches in the paint, Muuto recommends that you contact your local hardware store to get advice on which outdoor paint products to use, to cover the minor scratches.

Cover: Clean with a damp cloth. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Please make sure that both the piece of furniture and the inside of the cover is completely dry before putting the cover on.

Seat pads are water-repellent, and the textile is breathable. However, we recommend taking them inside during rainy weather to ensure a long lifetime of the product. Remove non-greasy stains by carefully dabbing with a lint-free cloth wrung out in clean, warm water. If necessary, clean by dabbing with soapy water.

LINEAR WOOD SERIES

"The Linear Wood Series was designed from the idea of bringing the warm and friendly sentiment of wood into a timeless, understated shape with its form language inspired by the notion of meetings—the meetings of lines and shapes. The design is defined by its straight lines for a contemporary yet honest aesthetic through the details of its thinly elegant overhang and half-circular intersecting legs. It is through these subtle elements that the Linear Wood Series translates the values of elegance, longevity and functionality into modern Scandinavian design."

LOFT CHAIR SERIES

“The Loft Chair Series combines the complementing opposites of robustness and elegance through materials—its wooden seat and metal frame—with a soft, industrial appeal. The design features an archetypical look for a feeling of familiarity while the subtle details, such as its sturdy back legs, gives it a unique expression. The design fits seamlessly into any spatial context while providing maximum comfort to its user.”

| Description | Loft Chair Series exemplifies honest, simple design thanks to an expression inspired by industrial design. The design features contrasting materials with its frame in powder coated steel that is offset by the soft plywood on seat and back, molded to embrace the user's body. |
| Material | <p>The seat and back are constructed with beech veneer layers and outer oak surface veneers with water-based lacquer. Upholstered seats with textile, imitation leather, or leather. Leather from selected premium leather suppliers. Frame in powder-coated steel. Plastic glides.</p> <p>Oak veneer and Stained Dark Brown: slight color variations can occur due to the material's inherent characteristics.</p> |
| Cleaning & Care | <p>Clean with a moist cloth first and wipe off excess liquid with a dry cloth. Please note that wooden products will get a patina where the surface color can slightly fade. If cleaning is uneven, the patina may be more noticeable. For wooden products in lighter colors, the patina will be less noticeable.</p> <p>For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing them with a lint-free cloth or sponge wrung out in clean, warm water. Clean by dabbing with soapy water made with a bit of dish soap if necessary. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather, and Endure Leather: Regularly clean leather with a dry cloth. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.</p> |

MIDST TABLE

“Midst Table is a meeting between the poetic and functional. The name refers to the center and the table being a gravitational point, while its round shape cancels out hierarchy — there is no head of the table. Its shape naturally draws us in towards its middle, encouraging a meeting of minds and eyes. Our design process was one of subtraction and refinement. The Midst Table’s form and construction was inspired by an iconic architectural feature, the column, merging a physical stability and steadfastness with a sense of elegance.”

| Description | A natural focal point of the home, the Midst Table is a generous, round dining table where friends and family gather — and there is always room to squeeze in one more guest. Its refined silhouette is simple yet characteristic, enhanced by distinct detailing and contrasting materiality; matte solid oak or linoleum on a monolithic base made of spun steel with a durable high gloss finish. |
| Material | Table top in lacquered MDF with a linoleum top or FSC™-certified (FSC-CO28824) solid oak, treated with either a white pigmented or dark oil. Base in powder-coated steel with a protective rubber ring under the base. |
| Cleaning & Care | <p>Linoleum: Clean the tabletop with a damp cloth. If necessary, only use a mild detergent or washing-up liquid, never concentrated. Always wipe with a dry cloth afterward. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended 2-3 times a year for optimum saturation of the natural material. Clean base with a microfiber cloth to avoid scratching the high gloss lacquer. If necessary use a small amount of mild dish soap on the cloth.</p> <p>Solid Oak & Dark Oiled Oak: Upon receiving your table, we recommend that the table top and bottom is treated with a special oak wood oil, improving its resistance to stains and fluids. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications*. For products in Dark Oiled Oak, we recommend using a smoked tabletop oil, suitable for food applications*.</p> <p>Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the table top. Metal objects can leave a mark if left on the table for a longer period of time.</p> <p>Spills should immediately be removed to avoid discoloring. Clean the tabletop often and carefully with a soft and dry cloth following the wood grain pattern. The product should not be exposed to excessive humidity, heat or direct sunlight. Clean base with a microfibre cloth to avoid scratching the high gloss paint. If necessary, use a small amount of mild dish soap on the cloth.</p> <p>*Muuto recommends that you contact your local hardware store to get advice on oils for indoor use.</p> |

“With the Oslo Sofa series, we wanted to create a design that had a light and airy appearance with extensive comfort. Its smooth, embracing curves makes it a both inviting and sculptural design while the slender legs give it an elevated and refined look. The Oslo Series brings a new perspective, with its rounded softness and gentle seat—a friendly design for any setting of the modern home and office.”

| Description | Combining modern, geometric lines with a light expression and comfortably soft seat, the Oslo Series brings a refined perspective to the form through its playful lines and embracing back. |
| Material | <p>Sofa Series & Bench: Seat in molded PU Foam with embedded steel frames and zig-zag springs. Fully upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers. Legs in chromed or powder-coated steel with felt glides.</p> <p>Lounge Chair: Seat and back in molded PU foam with embedded steel and wood frame. Fully upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers. Tube base in powder-coated steel with plastic glides. Swivel base in powder-coated steel with plastic glides.</p> |
| Cleaning & Care | <p>Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.</p> <p>Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.</p> <p>Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.</p> <p>Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.</p> <p>Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.</p> <p>Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.</p> |
| Spare Parts | For Side Chair, Counter and Bar Stool, plastic glides are included. Felt glides are sold separately. |

OUTLINE SOFA SERIES

"With the Outline Sofa Family, we wanted to create a visually light and elegant design with lots of comfort, translating aspects of modern architecture into the design through juxtaposing elements. Outline is created with slim proportions for a simple and elegant look, complemented by its generous seat and slender legs. There's a calm serenity about the Outline Sofa Family, having a soft and deep seat with clean lines and a strong architectural presence, brought forth by its overlapping forms that bring a refined touch to the expression of the design."

| Description | The Outline Sofa Family adds new perspectives to the classic Scandinavian design sofas of the 1960's, marrying the ideals of simplicity and function into one. With the design taking its name from its strong outline of a sofa, the Outline Sofa Family is clean and elegant on the outside with a deep seat and soft cushioning on its inside. The Outline Sofa Family has an expression that is at once elegant yet timeless, elevated by its lines referencing architectural shapes alongside its curved armrests, giving the design a distinct appearance across various sizes and variants. |
| Material | Black powder coated or polished aluminum base with pre-mounted felt glides. Wood and steel construction. Cold foam filling. Fully upholstered with textile, imitation leather or leather. Leather from selected premium leather suppliers. The table unit for the Outline Highback Cabin and Outline Highback Work is made from robust MDF board with matte laminate (black ABS edges). |
| Cleaning & Care | Textile: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another. Imitation Leather: Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards. Leather: As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time. Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com further information on cleaning leather. Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products. Matte Laminate: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. Base: Clean powder coated or polished aluminum surfaces with a lint-free cloth. |

| Assembly Required | Yes |
| Description | An elegant side table with two planes, connected through a graphic leg for a modern expression. Pull the Relate Side Table up to a sofa to use as a hot desk or place it in any space to hold various objects. |
| Material | Tabletop in either Linoleum on MDF, oak laminate on MDF, oiled Solid Oak or oiled Smoked Oak. Frame in powder coated steel. |
| Cleaning & Care | <p>Laminate & Linoleum: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimal saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.</p> <p>Solid Oak & Solid Smoked Oak: Upon receiving your table, we recommend that tabletop and bottom is treated with special oak wood oil, improving its resistance to stains and fluids*. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications*. For products in Smoked Oak, we recommend using a smoked tabletop oil, suitable for food applications*. Clean tabletop often and carefully with a soft and dry cloth following the wood's grain patterns. The product should not be exposed to excessive humidity, heat, or direct sunlight.</p> <p>Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the tabletop. SOFT TABLE SERIES

"I wanted to create something that was subtle yet characterful with the Soft Table Family, making a world of softened surfaces and understated functionalities come together into one. Referencing the archetypal center table, the Soft Table has a quiet presence that allows for it to complement any atmosphere while echoing a modern elegance through its refined lines and slender form."

| Description | The Soft Table Series is incredibly versatile, offering a wide range of design possibilities and user-centric features. Both subtle yet characterful with its softened surfaces and understated functionalities, these tables come in a variety of sizes and finishes that will complement any atmosphere and space. |
| Material | <p>The Soft Table's base is made from powder coated, die-casted aluminum (made with at least 97 % recycled aluminum) and comes with pre-mounted glides. Tabletop in MDF with nanolaminate (Black), laminate (Beige Green & Orange) or linoleum (Grey) surface, in Solid Oiled Oak, Solid Smoked Oak or in Solid Dark Oiled Oak.</p> <p>Laminate, Solid Oiled Oak, Solid Smoked Oak and Solid Dark Oiled Oak tabletops are made using FSC™-certified (FSC-CO28824) wood.</p> |
| Cleaning & Care | <p>Powder-coated surfaces: Clean with a moist cloth. If necessary, use a little dish soap on the cloth. Wipe with a clean moist cloth afterwards.</p> <p>Laminate & Linoleum: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing-up liquid, and not concentrate. Always wipe with a dry cloth afterward. Liquid, grease, etc., should be removed immediately to minimize the risk of stains and marks. For linoleum versions, linoleum care is recommended for optimal saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH-neutral cleaner and wipe dry to remove any residues.</p> <p>Solid Oiled Oak, Smoked Oak & Dark Oiled Oak: Upon receiving your table, we recommend treating the tabletop and bottom with special oak wood oil, improving its resistance to stains and fluids*. We also recommend you continue caring for the product by repeating this treatment 2-3 times yearly. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications*. For products in Smoked Oak or Dark Oiled Oak, we recommend using a smoked tabletop oil, ideal for food applications*. Clean the tabletop often and carefully with a soft, dry cloth following the wood's grain patterns. The product should not be exposed to excessive humidity, heat, or direct sunlight. Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table; they can leave a mark on the tabletop. Metal objects can leave a mark if left on the table for extended periods. Any spill should immediately be removed to avoid discoloring. Clean the table top often and carefully with a soft, dry cloth following the wood's grain patterns.</p> <p>*Muuto recommends contacting your local hardware store for advice on oils for indoor use.</p> |

STILL CAFÉ TABLE

"Our idea for the Still Café Table was to create a design with an apparent function that would fit intuitively into any space without making much visual noise. With its elegant four-legged base across various heights, the design is stripped to its essentials, complemented by the angled edges of its table top."

| Description | The Still Café Table is designed with a clean expression and apparent function on a four legged base, complemented by the angled edges of its table top. Available across various heights with either round or square table top, the Still Café Table is an elegant match for any kitchen area, café, restaurant, bar, conference or office setting. The higher versions also function as a hot-desk in workplaces and open areas. |
| Material | Table top is made from MDF with either a linoleum or nanolaminate finish and lacquered edges. Nanolaminate table tops are made using FSC™-certified (FSC-CO28824) wood. Base is made from die-casted aluminum. The mounting plate and tube are in powder coated steel. |
| Cleaning & Care | <p>Powder coated surfaces: Clean with a moist cloth. If necessary use a little dish soap on the cloth.</p> <p>Nanolaminate: Clean the table with a damp cloth. If necessary only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. Treat the surface with a melamine sponge, available in hardware stores, to reduce minor scratches.</p> <p>Linoleum: Clean the table with a damp cloth. If necessary use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. For linoleum versions it is recommended to use a linoleum polish on the surface when needed.</p> |

VISU CHAIR SERIES

"The idea for the Visu Chair Family was to create an elegantly simple interpretation of the archetypal plywood chair. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat in form-pressed veneer. Designing the chair as a family that were all aesthetically linked yet could be used for different functions was a study in adapting a design to its surroundings and a process that lasted nearly two years. The Visu Chair Family is a new perspective on the traditional wooden chair, echoing the ideas of Scandinavian design together with a modern expression."

Treat the leather when needed using only special leather treatment products. |

WORKSHOP SERIES

“The Workshop Series is design when pared down to the essence. Deliberately simple in its expression, the designs have an almost archetypal appearance that comes from a wish to make as little noise as possible—the details and joints are doing all the talking.”

| Description | The Workshop Series joins together the ideals of Scandinavian craftsmanship and subtle detailing for a deliberately simple and archetypal expression. |
| Material | <p>Chair: Seat and back in water-based lacquered shape pressed layer glued veneer. Frame and legs in water-based lacquered solid wood.</p> <p>Bench: Frame and legs in solid oak, seat and back in form pressed oak veneer — all parts in FSC™-certified (FSC-CO28824) wood coated with a water-based lacquer. Plastic glides. Oak veneer: slight color variations may occur due to the inherent characteristics of the material.</p> <p>Coffee Table: Frame and legs are made from lacquered solid oak. Black version comes in water-based lacquered oak. Oak version comes with a matte clear water-based lacquer. Table top with a lacquered oak veneer or linoleum finish.</p> <p>Table: Tabletop in lineoleum or oak veneer with a PU-lacquer. Legs and frame in solid oak with a PU-lacquer.</p> |
| Cleaning & Care | <p>Clean with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions it is recommended to use a linoleum polish on the surface when needed.</p> <p>Bench: Wipe off with moist cloth and remove excess liquid with dry cloth. The Workshop Bench can be cleaned with alcohol disinfectant. However, please note that wooden products will get patina where the surface color can slightly fade. If cleaning is uneven, this may become even more apparent, yet the lacquer will stay in place. For wooden products in lighter colors, the patina will be less apparent.</p> |

BEAM TABLE LAMP

"The idea for the Beam Table Lamp came while renovating my childhood home. I had made a shelf to use as divider between the hallway and living room and needed a lamp that could at once throw light out into the living room and down the hallway. The Beam Table Lamp mimics a single ray of light that travels through a round tube with its dimmer allowing the user to change the volume of light omitted from both ends of the cylinder shape. Tweak the design to your personal needs through its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow. With the Beam Table Lamp, you can alter the volume of light omitted, change its direction by the turn of its base and place it on any shelf, table or windowsill for a new perspective on modern lighting."

CALM WALL LAMP

"Scandinavian design is partially characterized by its great respect for nature in terms of materials and light; something that I wanted to infuse the Calm Wall Lamp with, creating a light that isn't tamed but instead has an organic flow. This makes for a beautiful gradient between light and shadows that is enhanced by its textile surface for a tactile appearance. The Calm Wall Lamp has a sculptural identity that brings a soft and calming yet powerful presence to any atmosphere."

A matte rubber band frames Calm Wall Lamp, lending a crisp edge to the softness of the organic design. |

CONTROL TABLE LAMP

"The Control Table Lamp is a unique and playful lamp with references to hi-fi and industrial machinery. The light and dimmer is controlled by a switch, referencing volume controls, and is an inviting and simple way of interacting with the user. While designing the lamp, we were inspired by the idea of displaying the different lamp components on a serving plate—almost as a still life. It was a pragmatic approach to making a lamp by the simplest means, a reduced design beyond reduction."

EASE PORTABLE LAMP

"I wanted the Ease Portable Lamp to have a remarkable quality of light, striking a versatile balance between atmospheric and functional light — after all, that is the wonderful thing about a portable lamp — you can bring a distinct ambience to literally anywhere. I landed on the idea of the top and bottom gently touching, softly meeting each other. There is a sense of lightness to it. This feature allows a large surface to emit light, while the flared bottom firmly stabilizes it. It is these details that give the lamp a sort of human quality, making it a reliable friend."

The design has a distinct lightness to it, with the top and bottom gently touching. A slightly flared bottom mimics the lip of a vase in a grounding gesture that allows the base to be slimmer and easier to grab. Ease Portable Lamp is a humble friend with a strong character that works alone or in repetition in any setting; from the bedside, reading nook and home office to the restaurant or café table, co-working space or library. |

FLUID PENDANT LAMP

"We wanted to give the lamp a form with a certain softness, towards a more natural language and further removed from pure geometry. Fascinated by the way that surface tension governs the curvature of a resting water droplet, we have tried to capture its essence. The subtle irregularity of the Fluid Pendant Lamp means that their silhouette gently changes depending upon the viewing angle. It also brings a greater light intensity to the lamp's underside—just where you need it."

FOCUS TABLE LAMP

"The Focus Table Lamp is an everyday object with a sculptural appeal and an apparent function: it is a lamp and a pedestal where your favorite small objects may be placed and highlighted. Working with the appearance and the delicate dimensions, I tried to give the lamp a unique personality characterized by an embracing and protective nature. The focus is on the pedestal and the object which is placed on it. Therefore, all components are fixed in position. Personally, the pedestal, with a cone of ambient light, solved my problem of misplacing my keys. Now I always know where they are."

FINE LAMP SERIES

“Fine Lamp Series is a minimal design refined to include only the essential; a slim light, a form-pressed fixture with aluminum end caps, a cord. We wanted it to feel delicate, almost jewelry-like — a sleek band of white light. It is a simple, raw expression of clarity and directness with an industrial character. Possible to hang both horizontally and vertically, we designed it so that the lamp’s light source is laid bare, yet gives a no-glare, comfortable light.”

PITON PORTABLE LAMP

"My idea for Piton started from the desire to create a rechargeable portable lamp that could be adapted in a multitude of ways while functioning in various environments. I wanted the design to fulfill the inherent needs of a torch; providing security and warmth while clearly illuminating your field of vision. Piton takes its name from a climbing apparatus that is jammed into cracks and crevices on mountainsides to which the climber can attach hooks, tools and ropes while rigging it in various positions; an element that is also present in the design of the Piton Portable Lamp."

STRAND LAMP SERIES

"The Strand Pendant Lamp is formed from a sprayed cocoon material with its cloud-like appearance that tightly clings to a spinning steel frame. It consists of tiny strands for a complex, intriguing structure that shrouds the light source while acting as its diffuser. With its see-through expression, the cocoon material allows for the Strand Pendant Lamp to filter light for a warm, comfortable glow. Designed in various sizes and shapes, the Strand Pendant Lamp hovers lightly in space, bringing comfort, harmony and a refined sensitivity into any room."

ATTACH COAT HOOK

"The Attach Coat Hook arose from an interest in the meeting of two elementary shapes: a cylinder and a rectangular box. From there, the design was created by combining a simple wood cylinder with an anodized aluminum form, joining together industrial and natural materiality. With its contrasting elements, the Attach Coat Hook brings a refined yet sturdy perspective to the modern coat hook."

AVAIL COAT RACK

“The emphasis for the Avail Coat Rack was not necessarily to create something different but rather something better—a design that will last for years and give satisfaction in daily life. Through its hooks that can be continuously rearranged while adding notes of color to the warm touch of its oak surface, the Avail Coat Rack evolves with our changing daily needs and reflects our perspectives with its small plateau upon which smaller objects can be placed.”

COIL COAT RACK

"Design often finds its function first and its form second. With the Coil Coat Rack, this process was reversed. While I was modeling some ideas by forming paper into different shapes, I realized that the curling form of a rolled-up paper could be combined with hooks and be ideal for a coat rack. With its soft lines and sliding hooks that can be adjusted to one's individual preferences, the Coil Coat Rack is a functionally inviting perspective on the archetypal coat rack."

| Description | The Coil Coat Rack finds its new perspective through its coil-shaped form along with its hooks that are brought into play for a simple yet characterful element that breathes function into the design. The design allows for the user to buy additional hooks if needed to make the Coil Coat Rack uniquely theirs. The shape of the design is inspired by the curled-up form of rolled paper. |

FOLDED SHELVES

"Inspired by the shadow-play of layers, Folded is based on a seemingly simple bending technique of a single sheet of metal to create pockets which hold and separate your items. Featuring a subtle bolt and hooks for hanging objects, it is a versatile wall mount that can be used in both a practical and a decorative manner—suitable for organizing anything from mail to books, perfumes or spices, or just displaying your favorite belongings, in the hallway, bathroom, bedroom or kitchen."

GENERAL TERMS OF SALE AND DELIVERY

VALIDITY

These General Terms of Sale and Delivery shall supersede and suspend all previous agreements and shall apply to any agreement made between Muuto and the buyer unless otherwise agreed.

SALES AND MARKETING MATERIAL

Information supplied by Muuto regarding prices, models, dimensions, features, and specifications in catalogues, advertisements, sales or promotional literature, price lists or elsewhere is not legally binding and shall be considered for guidance only, and may be changed at any time without prior notice.

ORDERS

All orders placed by the buyer must be in writing and shall at the minimum specify the type (product number and/or name) and quantity of the products ordered as well as the requested date of delivery. The order is not binding upon Muuto unless and until Muuto has issued a written order confirmation to the buyer. Unless objections are made within 24 hours after receipt, the order confirmation is considered accepted by the buyer.

For customers on prepayment terms Muuto will start production of made-to-order products immediately when prepayment has been received.

PRICES

The present price list replaces all previous price lists and may be subject to changes at any time without prior notice. The purchase price for the products ordered by the buyer is stated in the order confirmation. Delivery and installation is not included in the purchase price. Unless otherwise agreed, quotations submitted by Muuto shall be valid and binding for 60 days after receipt.

DELIVERY

Unless otherwise agreed in writing, delivery shall be ex. works (Incoterms 2020) from the place designated by Muuto from time to time. If transportation of the products is handled by Muuto's forwarding agent on behalf of the buyer, Muuto will invoice the freight to the buyer. The products shall be sent using standard packaging. The confirmed delivery date is only an estimated delivery date and the time of delivery shall not be considered of essence. Muuto cannot be held liable for any damage or loss that the buyer may suffer as a result of a delay or a non-delivery. If no specific delivery date has been indicated in the order confirmation, Muuto, acting reasonably, is entitled to stipulate a delivery date taking into consideration the quantity and the nature of the products to be delivered.

The buyer is always obliged to inspect the products delivered upon receipt, i.e. checking that the correct type of products has been delivered, and checking that the correct quantity of the products has been delivered.

Should a delivery fail to meet the buyer's expectations, or is the delivery damaged during transportation, the buyer shall:

1. Inspect the entire delivery immediately.
2. Accept the delivery, but immediately note the damage on the freight documents by stating, "Received with reservation".
 - a. If freight document does not allow for reservations, the buyer is expected to refuse the delivery.
3. Report the extent of the damages to Muuto according to the paragraph "Filing Complaints"

The buyer is deemed to have accepted the products delivered unless a claim has been filed within 5 working days upon receipt in accordance with the instructions in the paragraph "Filing Complaints".

PAYMENT AND RETENTION OF TITLE

Unless otherwise agreed, payment shall be made in accordance with the payment terms and conditions of payment indicated on the invoice and the order confirmation. All bank charges are the responsibility of the buyer. All products not paid for in the full, including interest and delivery (if any), shall remain the property of Muuto. The buyer shall at all times keep such products separated from any other products held in stock, and must ensure that the products can at all times be identified by Muuto. The buyer shall be liable to Muuto for any damage to the products until they have been paid for in full as stated above. There will be a penalty interest of 2% per month when payment is made after the due date. Such interest is payable without any further notice.

Prepayment of proforma invoice is required for buyers without credit. The buyer must state account number as well as the proforma invoice number on the payment. Change of payment terms depends on the credit limit decision of Atradius. If Muuto receives a negative feedback from Atradius, the buyer must get in touch with Atradius and provide necessary information.

WARRANTY AND LIMITATION OF LIABILITY

Muuto offers a warranty against defects of manufacture and materials on standard products. The warranty listed in Muuto's current pricelist shall be valid from the date of delivery provided that the products are used under normal circumstances and maintained according to guidelines. Excluded from this warranty are all defects due to or caused by transport, incorrect use, inadequate maintenance, accidents, the buyer's alteration or repair, modification of the product (incl. certification through 3rd party) as well as normal wear and tear of the products.

Natural variations in organic materials cannot be considered defects, and Muuto explicitly excludes itself from liability for any such variations. Muuto's warranty against defects of upholstery requires that such upholstery (fabric or leather) is included in the price list and is recommended by Muuto. Should the buyer wish to provide its own upholstery (fabric or leather), or should the buyer wish to itself process (whether by dyeing or otherwise) the upholstery provided by Muuto, Muuto's warranty lapses. Muuto cannot in any way be held responsible for materials delivered by the buyer and any impact that the materials may have on the products, including with respect to compliance with any applicable legislation, irrespective of whether such materials have been upholstered or otherwise incorporated into Muuto's products by Muuto."

Unless otherwise stated in these General Terms of Sale and Delivery, Muuto is not liable to the buyer for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

Notwithstanding any other provisions of these General Terms of Sale and Delivery, Muuto's maximum liability in relation to the buyer can in no event exceed the purchase price for the products sold, including any liability for damages to a third party, such as, for example but not limited to, product liability.

PRODUCT LIABILITY

Mandatory product liability rules in force from time to time shall apply to disputes regarding product liability. Unless otherwise required by mandatory legislation, Muuto shall not be liable to the buyer for any damage or loss caused by the products, including but not limited to liability for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

The buyer must ensure that any products purchased from Muuto fulfill the legislative requirement, hereunder has the required certifications, in the region or country, where the product is to be used.

If buyer makes any alteration or modification to the product, Muuto shall not be liable to any damage to the product, other objects or property.

REMEDIES

With respect to products that are defective, Muuto may choose to refund the purchase price for such products, repair such products or replace such products, always provided that it is a condition for such refund, repair or replacement that the buyer has notified Muuto about the defect within reasonable time after the buyer discovered or ought to have discovered it, and provided that such notice is given within the warranty period in accordance with the instructions in the below paragraph "Filing Complaints". Thus, Muuto is not obligated to replace customized or discontinued products.

The above remedies constitute the buyer's only remedies in respect of any defective products delivered under these General Terms of Sale and Delivery.

FILING COMPLAINTS

A complaint shall be filed by email within 5 days upon delivery and, for quality complaints, within the period of warranty.

Each complaint shall be filed in such a manner that the email describes in detail the problem at hand. Each complaint will be evaluated from the Muuto Claims Department provided that the following is stated and/or enclosed:

1. Delivery note/order confirmation number/invoice number
2. Clear description of the complaint in detail
3. Images of product, up close and from afar
 - a. For transport damages: Images of boxes and labelling shall be enclosed by the buyer
 - b. For quality complaints: Images of product specific PO-number shall be enclosed by the buyer

RETURN OF PRODUCTS

Returns are only accepted by prior written agreement. Return products shall be securely and properly packed in their original packaging and return order confirmation shall be placed visible on the package. Unless otherwise agreed, the buyer shall bear the transport cost and risk of any defective products returned to Muuto.

CHANGES IN DESIGN

Prior to delivery and without prior notice Muuto reserves the right to make any changes to a product's design that is found by Muuto to be necessary or appropriate.

FIRE-RETARDANCY

MUUTO products can be supplied with fire-retardant fabrics. As the regulations vary in each country, we advise all customers to check the respective local regulations. Any requests for fire-retardant treatment must be sent to MUUTO in written form, specifying which fire- retardant norm the products must comply with.

OTHER

The buyer is not allowed to sell the products to non-authorized re-sellers without written approval by Muuto.

APPLICABLE LAW AND VENUE

The parties contractual relationship under these General Terms of Sale and Delivery shall be governed and construed by and shall be interpreted in accordance with Danish law, without regard to the United Nations' Convention of Contracts for the International Sale of Goods (CISG). Any dispute that may arise out of the parties' contractual relationship under these General Terms of Sale and Delivery or any related event, which cannot be settled amicably, shall at Muuto's request be brought before the Copenhagen City Court.

AMENDMENTS

Muuto is entitled to modify these General Terms of Sale and Delivery at any time. Muuto shall notify the buyer of such modifications and of the date of such modification. The buyer is deemed to have accepted the modifications unless written notice of rejection is given to Muuto within 10 working days after receipt of such notice.

Striving to work with the best suppliers, the textiles used for Muuto products are by four different companies: Danish Kvadrat and Swedish Nevotex along with both Arve from Italy and Rohlede from Germany—all suppliers that have been selected on the basis of their extensive knowledge within the field and state-of-the-art material qualities.
