THE HOME OF ACOUSTIC DESIGN

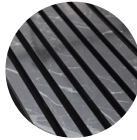

Hjärtat i vår design och produktion finns i Glimåkra by. Så har det varit i över 70 år. Här, omgivna av glittrande sjöar, frodiga fält och skogar, skapar vi tidlösa möbler med hög design- och hantverkskvalitet. Närheten till skogens förnyelsebara material och samarbeten med leverantörer i vår närhet, har präglat vår vardag och utveckling sedan dag ett.

I vår egen fabrik där möbelsnickare och designers arbetar tillsammans under samma tak, överförs ett gediget hantverkskunnande mellan generationer. Samtidigt fortsätter vi utveckla varje del av vad vi gör. Så att vi kan göra den långlivade möbelen lite bättre i varje del av livet. För människa och för miljö.

Vårt långsiktiga fokus på design, kvalitet och ansvarstagande har redan uppmärksammats med flera internationella designpriser. När vi nu fortsätter mot en mer cirkulär framtid ser vi fram emot att våra långlivade möbler, också ska kunna bli månglivade.
